# LEARNER LEADERSHIP SEMINAR

## BACKGROUND AND ROLE OF THE SEMINAR

---

As Hope gives foundation, we understand that before we can encourage a learner to be a captain of industry, we 1<sup>st</sup> need to empower and motivate the learner in order for the learner to stand-alone, know their purpose in life so they are not dependent on the society in order for them to be what they want to be hence the seminar.

Through our talks, we can help people overcome the difficulties that are keeping them from finding direction and purpose in their lives.

Our Inspirational speakers come from diverse backgrounds and have different levels of education, experience and expertise. While some speakers may focus on business topics, others may gear their talks to personal development, social issues or the challenges of youth.
